Exceptional 3D new 50" 3D 4K display is the ideal display for your digital signage needs. This handsomely designed display boost a thin bezel with amazing LED backlighting technology, that makes the colors of the content stand out from the rest. Exceptional 3D new lens technology allows for viewers to see amazing crisp 3D 4K content with images appearing as if they look like they are popping of the screen.

If you would like to see traditional 2D content, not a problem as with our new 4K 3D lens design display also has the ability to playback 2D content seamlessly without the loss of resolution or contrast.

Ideal vertical markets are most retail locations, Amusement Parks, Entertainment venues and Hospitality.
