**Exceptional 3D brings you their new Portrait Glasses- Free 3D commercial grade 4K 65" Kiosk, where images appear to POP out of the kiosk 18" inches.**

The Exceptional 3D new Portrait 65" LED 3D 4K Kiosk is an ideal fit for applications such as shopping malls, stadiums & arena's and transportation hubs. Designed to support ultra-thin or thicker commercial displays, this kiosk accentuates the sleek look of the display while providing ample space to integrate a media player. It is a simple, cost-effective, reliable digital signage solution for your business which is easy to execute any 3D advertising or branding strategy that promises to gain a lot of attention for those patrons viewing it.

Give your business the edge over others in your industry to be one of the first to have a Glasses Free 3D kiosk at relatively the same cost as a traditional 2D kiosk. One of the unique features of Exceptional 3D displays is the ability to also playback traditional 2D content, so as the advertising world transitions from 2D to 3D with this new disruptive advertising medium, network operators have the flexibility to play both 2D & 3D and have a future proof technology as more and more 3D advertisement become available.

#### Features include

- Stand-alone kiosk enclosure or fully integrated with display, media player, power and thermal management.
- Thermostat controlled circulation fans ensure proper airflow within the kiosk.
- Secured doors allow convenient access to the display, media player and other internal components for easy installation and maintenance
- Supports a wide range of aesthetic options including glass, multiple colors, vinyl wraps, etc. to best match environment or promote brand strategy.
