65" 4K GLASSES-FREE LED DISPLAY Model #-EX3D4K-65

Exceptional 3D brings you their new Glasses- Free 3D commercial grade 4K 65" display, where images appear to POP off the display 18"-24" inches.

Exceptional 3D amazing new 65" LED 3D 4K display is an ideal fit for vertical markets in large areas such as shopping malls, stadiums & arena's hospitality and transportation hubs. It is a simple, cost-effective and reliable digital signage solution for your business that promises to get a lot of attention for those patrons viewing it.

Give your business the edge over others in your industry to be one of the first to have a Glasses Free 3D display and relatively the same cost as a traditional 2D display. One of the unique features of Exceptional 3D displays is the ability to also playback traditional 2D content and through a CMS template can even play 2D & 3D at the same time. So as the advertising world transitions to this disruptive advertising medium, network operators now have the flexibility to play both 2D & 3D and have a future proof technology as more and more 3D advertisement become available.
